

QuickTrak

WHEEL ALIGNMENT SYSTEMS

The **best thing**
to happen to Wheel
Alignment since...
The Wheel

We'd like you to know...

QuickTrak Wheel Aligners
are hand-made in Sheffield, England.

The quality is there for all to see, and because of this we have been awarded the coveted 'Made in Sheffield' mark.

Only superior quality products manufactured in Sheffield, Yorkshire, are allowed to wear this prestigious badge. All QuickTrak's products do, and they wear it extremely well.

This means that when you purchase a QuickTrak Aligner, you'll be safe in the knowledge that it'll keep working year after year.

All QuickTrak products are designed in-house by industry professionals with a wealth of motor-trade & wheel alignment experience. Unlike our competitors we don't employ sales people, just experts.

QuickTrak Aligners have quality as a given and prices won't break the bank.

Car Optical 2 Wheel Laser Gauges CO2WLA

A British hand-made Wheel Aligner that's cheaper than its mass produced Chinese competitors.

Car Optical, CO2WLA, is our entry level unit. It's well priced and seriously well made.

It does what it does, and it does it efficiently. One axle at a time. 13inch to 22inch rims. It doesn't break. It doesn't scratch alloys, and like all QuickTrak products it won't break the bank.

But, best of all, as it's a QuickTrak it's made in Yorkshire and Built to Last.

Features:

- Rechargeable battery operated thus eliminating wires
- Tried and tested 'Hang on Tyre' design
- Works on practically all cars and light commercials with rim diameters between 13" and 22"
- Designed for DIY/Home/Track use (not recommended for Professional Workshops)

What's included:

- Dished turn plates
- 1 year comprehensive manufacturers warranty
- Vertical wall mounted hanger for easy storage
- Instructions and user manual for step-by-step guide
- Battery charger

Standard Car 4 wheel Laser Aligner SC4WLA

SC4WLA is our bestselling car laser aligner; you'll find this model in every corner of the globe. It's the Toyota Hilux of the Alignment world. Its simple but effective design allows accurate alignment in practically any environment. With minimal moving parts, no wires, pin sharp laser images & rechargeable batteries it all adds up to one seriously versatile Wheel Aligner.

And best of all, It'll make you money. Shed loads to be honest. Basically whatever you spent on it, it'll repay you that week in week out, year on year, decade on decade.

Like all QuickTraks, it's quick, it's simple to use, it's well priced and it's built to last.

Features:

- Rechargeable battery operated thus eliminating wires
- Tried and tested 'Hang on Tyre' design
- Won't scratch expensive alloy wheels
- Works on practically all cars and light commercials with rim diameters between 13" and 22"
- Designed for Professional Workshops

What's included:

- Vertical Wall mounted Cabinet
- User manual
- Rear flags x 2
- Steering wheel clamp (standard model)
- Dished turnplates x 2 (standard thickness)
- Battery charger x 1
- 1 year parts warranty

*The near
perfect smart
priced Laser 4 Wheel
Aligner*

Premium Car 4 Laser Wheel Aligner **PC4WLA**

The best four wheel laser aligner on the market today, and tomorrow.

PC4WLA has all the great features of the SC4WLA but boasts lots of little smart upgrades that make it smoother and quicker. PTFE washers make adjusting to wheel diameters liquid. Cam levers make for one action locking. Laser etched toe scales for sharper visuals. And it also comes with: premium heavy duty turn-plates, (6mm thickness), steering wheel levelling tool, premium steering wheel clamp and a 2 year Guarantee.

We think PC4WLA is good, very good in fact. Modesty aside, we believe it's the best car laser aligner money can buy. And like all QuickTrak machines, it won't break the bank.

Features:

- Rechargeable battery operated thus eliminating wires
- Tried and tested 'Hang on Tyre' design
- Works on practically all cars and light commercials with rim diameters between 13" and 22"
- Designed for Professional Workshops

What's included:

- Gloss Black Vertical Wall Mounted Cabinet
- User manual
- Rear flags x 2
- Rim button extensions for LCV applications
- Steering wheel clamp
- Brake pedal depressor
- Steering wheel leveling tool
- Longacre caster/camber gauge
- Dished turnplates x 2 (heavy duty thickness)
- Battery charger x 2
- 1 months technical phone support
- 2 year comprehensive warranty

Truck Optical 2 Wheel Laser Alignment Gauges HGO2WLA

Buy now, don't waste money later!

These Gauges probably cost less than the set of tyres shredding away on your Truck right now due to misalignment... They certainly cost less than repeated sets of shredded tyres...

It's an absolute no-brainer. These gauges will save you thousands in tyre and fuel costs. That's a fact. Non arguable. These gauges are not an investment, they are a bank balance upping tool.

They're easy to use, robust, accurate and portable.

Features:

- Rechargeable battery operated thus eliminating wires
- Minimal maintenance required
- Tried and tested 'Hang on Tyre' design
- Works on all HGV/PSV and Trailers with rim diameters between 17.5" and 22.5"
- Designed Mobile Applications (not for Professional Workshops)

What's included:

- Wall mounted brackets for easy storage x 2
- Dished turnplates x 2 (heavy duty thickness)
- Battery charger x 2
- Steering wheel clamp - standard
- 1 year parts warranty

Truck Single Steer Laser Gauges **HGSS4WLA**

Don't Waste Your Money!

If you have a fleet of single steer trucks or buses; these are the gauges for you. Keenly priced, superior build quality and easy to use. What's not to like.

But best of all, these gauges will stop you wasting so much money. So much money in fact it's staggeringly frightening. Typical proven savings: 3- 5% fuel & 10 - 20% tyre wear. That's real food for thought.

Like all QuickTrak laser aligners its simple but effective design allows accurate alignment in practically any environment. Minimal moving parts, no wires, pin sharp laser images & rechargeable batteries all add up to one seriously versatile Truck Wheel Aligner.

Features:

- Rechargeable battery operated thus eliminating wires
- Tried and tested 'Hang on Tyre' design
- Works on all HGV/PSV and Trailers with rim diameters between 17.5" and 22.5"
- Designed for Professional Workshops and Mobile Applications

What's included:

- Wall mounted brackets x 2
- Rear flags x 2
- Dished templates x 2 (heavy duty thickness)
- Battery charger x 2
- Rim button extensions
- 12 months technical phone support
- Onsite training
- 2 year comprehensive warranty

Truck Twin Steer Laser Gauges HGTSLA

Made the old fashioned way by Men of Steel...

HGTSLA is QuickTrak's flagship laser aligner. It's a beast. It's the best. Tracks multi-axle vehicles & trailers at a stroke. It's quick, accurate, robust, built to last & very simple to use.

This is the best Truck/Bus laser aligner on the world market today for the money! It's British, hand-made in Sheffield, seriously robust and doesn't cost the earth.

In fact, like all QuickTrak's professional aligners, it'll pay you. Cost to profit ratio = lots and lots, and a bit more besides.

Like all QuickTrak laser aligners its simple but effective design allows accurate alignment in practically any environment. Minimal moving parts, no wires, pin sharp laser images & rechargeable batteries all add up to one seriously versatile Truck Wheel Aligner.

Features:

- Rechargeable battery operated thus eliminating wires
- Tried and tested 'Hang on Tyre' design
- Works on all HGV/PSV and Trailers with rim diameters between 17.5" and 22.5"
- Designed for Professional Workshops and Mobile Applications

What's included:

- Wall mounted brackets x 4
- Rear flags x 2
- Dished turnplates x 4 (heavy duty thickness)
- Battery charger x 2
- Rim button extensions
- 12 months technical phone support
- Onsite training
- 2 year comprehensive warranty

— 1000mm High Wheel Alignment Table

— 500mm High Wheel Alignment Table

Wheel Alignment Tables **WALT**

Seriously raising the stakes!

Not got a four post alignment ramp? Only got 2 post lifts? Still want to make money from wheel alignment? Look no further.

Our Alignment Tables are serious. Seriously well made. Seriously strong. Seriously sturdy. They can take one tonne per table!

They come in two sizes, 500mm and 1000mm, (that's 19.5 & 39inches in old money).

You get four tables per set made in Sheffield at a price that'll not give you a heart-attack.

Accessories

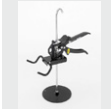

Brake Pedal Depressor

Whilst the car is stationary on the ramp / tables place the bottom of the Brake Depressor on the brake, then pump up using the handles until it locks under the seat.

Spring Loaded Steering Wheel Clamp

Standard spring loaded steering wheel clamp used to lock the steering wheel straight, goes with the 4 wheel laser alignment system.

Steering Wheel Clamp

More conventional than your standard clamp. Simply place the steering wheel straight then pump the clamp using handles until it locks the steering wheel in place.

Deluxe Steering Wheel Levelling Tool

A brilliant piece of kit and is easy to use. Set the steering wheel straight the slot the Levelling Tool in place and level up the steering wheel.

IMAGE
REQUIRED

Truck Rim Button Extension (Set of 6)

Allow the aligner to be moved way from the hub. Available in **40mm**, **50mm**, **110mm** and **125mm** sizes.

IMAGE
REQUIRED
